DF Series Doorless Holding Cabinets for Pizza Boxes

Since 1947, Foodservice Equipment That Delivers!

DOORLESS PASS-THROUGH DESIGN... Easy access to pans - no need to open and close doors. Ergonomic pass-through for two-sided access and easy transfer from kitchen to serving area - connect your kitchen to your serving line with ease. Improves kitchen traffic flow.

BEST PIZZA HOLDING... Unique design allows for holding of individual pizza boxes on separate, heated shelves, for best holding environment. Keeps each pizza uniformly warm and ready to serve.

HEATING SYSTEM... Individually heated shelves keep food warm via direct contact with pizza boxes.

STACKABILITY... Field stackable, without the need for a stacking kit. Base of one unit (with casters removed) can nest inside the top of another unit (with top cover removed) using the same fasteners and holes from the cover.

DF1818-5

HASSLE-FREE HOLDING...

Door-free
Water-free
User-friendly controls

USER-FRIENDLY DIGITAL CONTROLS... Allows for full control of cabinet temperature for optimal food quality and holding time. Shelf temperatures and holding times can be independently controlled. Audible alarm signals end of hold cycle.
