

Pie Merchandisers

Pastry Holding & Merchandising

Warm and ready to serve!

Keep your sweet treats warm at your FINGERTIPS!

These **handy holding and merchandising cabinets** are perfect for individually boxed pies, other hand-held pastries and food-pockets. The upright design occupies minimal counter space.

Gently circulating air maintains even temperature throughout the cabinet for the best serving temperature. The interior product caddy is keeps boxed items ready to serve and is removable for easy cabinet cleaning. The programmable controller allows you to select the proper holding temperature.

Two-stack and three-stack models available

- Programmable controller preset for 165 °F (74°C)
- Active, even heat circulation; low temperature safety alarm
- Lighted graphic display on front panel
- Gravity fed dispensing at the bottom of the door with a reserve section at the top of the caddy

Removable Pie Caddy
