

# Hospitality SERIES

## Cross-Reference Information for Patient Tray Delivery Carts

Carter-Hoffmann's NEW Hospitality Series patient tray delivery carts have replaced our long-running TE, TL and TN patient tray carts. We now offer more choices and offer two series of carts. See the next page for a handy cross reference chart to select the model you need.

OR

### PERFORMANCE SERIES PATIENT TRAY CARTS

- *Ultra-Quiet* noise suppression channels and no-rattle racks
- Performa rubber cushioned casters with noise-suppression bearing covers and cart wash resistant Glacier FM grease; wheel-ahead pattern
- All stainless steel construction with removable tray racks for easy cleaning and marine edge top to contain spills
- Adjustable pin racks for a multitude of tray sizes on 5.75" spacing
- Double wall door with full length ergonomic door handle and 270 degree door swing; magnetic door open feature

### ECONOMY SERIES PATIENT TRAY CARTS

- All stainless steel construction with removable tray racks for easy cleaning
- Non-marking soft durometer rubber corner bumpers protect facility walls
- Adjustable pin position tray racks with universal adjustable slides accommodate a variety of common tray sizes; 5.25" standard spacing adjustable on 1.75" centers
- Double wall door with magnetic door open feature; 270 degree door swing
